## Pittsburgh Perfect Fencing

Is the only wire fence with the stays and strands welded by electricity.  
This being so we consider it the best fence on the market today.  
Guaranteed the wire is not injured at the joints.  
Guaranteed every rod of the fence is perfect.  
The wire is not twisted or clamped which weakens it, allowing  
it to rust at the joints, also to get out of shape.  
Prices from 17c to 40c a rod.

## DEATH OF CAPT. NEWTON.

Was in Charge of the Steamer Reindeer  
for 12 years.

Captain Warren Newton died Monday  
morning at his home on North avenue  
after a long illness with Bright's disease,  
at the age of 79 years. Captain Newton  
was born in this city and was the son of  
John and Sarah Newton, early residents  
of this city. At the age of 11 years he  
began a career on Lake Champlain that  
extended throughout his entire life. He  
first sailed with his uncle, John Eldredge,  
an old tug pilot, and was early made  
pilot of a sailing vessel plying between  
Whitehall and Montreal. Later he ac-  
quired positions as pilot on the Saranac,  
the freighter James H. Hooker and the  
steamer Montreal. He then entered the  
employ of the Champlain Transportation  
company, serving for 15 years, first as  
pilot on the steamer United States, then  
on the Canada and later on the Adirondack.  
He then began work for the  
Grand Isle Steamboat company, where  
he remained 22 years, acting as both  
pilot and captain. Captain Newton was

## CONGREGATIONAL CLUB.

Custom of Candidating Considered at  
Monday's Meeting.

The spring meeting of the Congrega-  
tional club of Western Vermont was  
held at the College Street Church in  
this city Monday afternoon by even-  
ing, and was largely attended by mem-  
bers and friends. At two o'clock the  
meeting was opened by the executive  
committee, and matters pertaining to  
the business of the club were taken up  
and discussed.

The report of the Outlook committee  
was given by the Rev. R. R. Davies of  
Vergennes. Mr. Davies' report was a  
general summing up of what had been  
done in the Congregational club since  
the last meeting and also brought for-  
ward yesterday's session a few impor-  
tant questions to be considered.

The first business taken up by the  
meeting was the list of the four fol-  
lowing questions: (1) Whether the re-  
sponsibility of ministerial standing  
should be borne by the local conference  
of churches, noting through a perma-  
nent committee; (2) Whether it was  
desirable to abolish or curtail the cus-  
tom of "candidating" and establish a  
standing bureau of pastoral supply to  
assist the churches in finding pastors; (3) Whether the Congrega-  
tional churches of Vermont should  
employ a superintendent to devote his  
time to the interest of the churches,  
either in connection with, or distinct  
from the work of the Vermont Domest-  
ic Missionary society, such superintendent  
to be chairman of a committee on  
pastoral supply; (4) Whether the mem-  
bers wish to share in an apportionment  
pro rata per member, to defray the ex-  
penses of the State and county dele-  
gates to the sessions of the national  
council, to be held in Edinburgh, Scot-  
land, in June, 1908.

These questions were then taken up  
one by one and the several advantages  
and disadvantages discussed. Presi-  
dent M. H. Burckham was the first  
speaker, and he spoke of the need of  
changing the old customs of the church  
to suit the changes that were constantly  
taking place, and pointed out that  
while he was perhaps not in a position  
to know the exact needs of the church  
in this connection, he believed that the  
church, like many other institutions,  
should select their pastors with a view  
to the standing that the candidate had  
in the community, and that this could  
best be accomplished by a committee  
of brother laymen.

Following Prof. Burckham, the matter  
was taken up by Rev. J. H. George,  
who stated that personally he was not  
in favor of the old custom of candida-  
ting, as it did not permit of the candi-  
dates' best work.

The whole question of the best meth-  
ods of selecting pastors was then taken  
up for discussion and the laymen were  
asked to express their opinions upon  
the matter. The subject was presented  
in all its forms by the following speak-  
ers: C. T. Fairfield, editor of the Rut-  
land News; H. O. Wheeler, W. J. Van  
Patten, N. B. Nichols, E. E. Herriek, E.  
H. Wright, J. W. Goffin and many other  
members.

At the close of the laymen's discus-  
sion the Rev. J. H. George gave a re-  
port of the Tri-Union convention at  
Chicago, and touched on the movement  
to unite with the Methodist and other  
Protestant churches in a great union  
body, to be known as the United  
Churches.

At the close of the address the meet-  
ing was adjourned to the church parlors,  
where supper was spread for the mem-  
bers and their friends, after which  
brief addresses were made by the Rev.  
S. Parkes Cadman of Brooklyn, N. Y.,  
General O. O. Howard, Professor  
Wright of Middlebury College, and the  
Rev. E. D. Penney.

The following new members were  
announced: Rev. D. L. Hillard of New  
Haven, Rev. C. H. Dickinson of Middle-  
bury, Henry Todd of Burlington, Jay  
Spicer of South Burlington, D. C. Locke  
of Rutland, T. M. Wilson of Rutland,  
J. E. Crane of Middlebury, Rev. W. H.  
Spencer of Rutland.

At the close of the address the meet-  
ing was adjourned to the church parlors,  
where supper was spread for the mem-  
bers and their friends, after which  
brief addresses were made by the Rev.  
S. Parkes Cadman of Brooklyn, N. Y.,  
General O. O. Howard, Professor  
Wright of Middlebury College, and the  
Rev. E. D. Penney.

The following new members were  
announced: Rev. D. L. Hillard of New  
Haven, Rev. C. H. Dickinson of Middle-  
bury, Henry Todd of Burlington, Jay  
Spicer of South Burlington, D. C. Locke  
of Rutland, T. M. Wilson of Rutland,  
J. E. Crane of Middlebury, Rev. W. H.  
Spencer of Rutland.

Haven, Rev. C. H. Dickinson of Middle-  
bury, Henry Todd of Burlington, Jay  
Spicer of South Burlington, D. C. Locke  
of Rutland, T. M. Wilson of Rutland,  
J. E. Crane of Middlebury, Rev. W. H.  
Spencer of Rutland.

## MERCHANTS IN CONVENTION.

State Association Formed in This  
City Tuesday and Officers  
Elected.

## EVERY COUNTY REPRESENTED

Addresses Made by Officers of the Na-  
tional, the New Hampshire and  
Canadian Associations and Sec-  
retary Holton of the State  
Board of Health.

The first annual State convention of  
the retail merchants of Vermont was  
opened at two o'clock Tuesday after-  
noon at the armory, when the merchants  
of this city and the State met and for-  
med a State association in affiliation with  
the national body of retail merchants.  
Delegates from every county in the State  
were present, as well as officers of the  
Dominion Association of Retail Mer-  
chants of Canada, Eliza Winter, New  
England organizer, first read the call of  
the convention and a letter of welcome  
was read by John A. Greene of Cleve-  
land, Ohio, national secretary. Mayor  
W. J. Rizzolo welcomed the out-of-town  
visitors to the city and E. R. Corley ex-  
tended greetings for the local associa-  
tion. Short addresses were also made by  
the following vice-presidents of the State  
committee: R. S. Boudreau of Middle-  
bury, George P. Leland of Burlington,  
R. H. Amidon of Brattleboro, Mr. Leland  
was elected temporary chairman and Mr.  
Amidon secretary for the afternoon  
meeting.

Addresses were then made by John A.  
Greene of Cleveland, secretary of the Na-  
tional association, Dr. H. D. Holton, sec-  
retary of the State board of health, E.  
C. Higgins of Toronto, secretary of the  
Ontario association, M. Mayor of Toronto,  
treasurer of the Dominion association,  
E. M. Townshend of Toronto, secretary of  
the Dominion association and John P.  
Smith of Lacombia, N. H., organizer and  
secretary of the New Hampshire associa-  
tion.

The addresses were all informal and  
were made heart to heart talks for the  
mutual advantage of the retail merchants  
of both the United States and Canada.  
The principal address was made by Na-  
tional Secretary Greene of Cleveland, who  
has spent years in organizing and  
strengthening the association of retail  
merchants. He advised the merchants in  
general for their lack of interest in  
banding together for their own welfare  
and told of the good work that had been  
done for their benefit since they had be-  
gun to organize.

Dr. Henry D. Holton spoke in refer-  
ence to the pure food laws of the State  
and said that he thought the retail  
merchants of Vermont, and the whole  
country as well, were all honest men, for  
they tried to sell pure goods and would  
not buy any adulterated goods know-  
ingly. "The law does not pretend to  
say one can't buy what he wants," he  
continued, "but it protects the grocer  
and public from buying glucose and  
syrup for pure honey and a coat  
dye for raspberry jam. If a pack-  
age is labelled glucose and honey and  
sells for less than pure honey, perhaps  
a man has a right to buy it for what it  
is, for he is not cheating his pocket-  
book if he does his stomach." Dr. Holton  
explained how a continuous use of  
jams, preserves and meats put up with  
preservatives and coloring matter  
would tend to poison the body in a  
short time and how that there were  
two kinds of adulteration, the first  
being material that would not physi-  
cally injure a man but was a fraud on  
his pocketbook and the second a poison  
which would in time be assimilated  
by the entire body.

E. C. Higgins of Toronto, secretary  
of the Toronto association, was the  
next speaker. He told how the associa-  
tion in Canada, although young, had  
abolished trading stamps throughout  
the dominion, how the members of the

(Continued on 5th Page.)

ARRESTED AT HARTFORD.  
Edwin Pettigill of Newport Confesses  
to Attempting Train Wreck.

Hartford, Conn., April 23.—Edwin  
Pettigill of Newport, Vt., is under ar-  
rest here on a charge of attempting to  
wreck the Boston express on the New  
York, New Haven & Hartford railroad  
while the train was en route to Boston.  
The man admits his guilt and gives  
his reasons as being revenge for being  
discharged from the road. Fortunately  
the train was saved by the prompt ac-  
tion of a switchman who discovering  
that a switch had been tampered with,  
quickly threw it over and saved the  
load of passengers. Pettigill, who  
arrested said he was married and 35  
years old. His home is at Newport, Vt.  
He acknowledged tampering with the  
switch, but said he was angry and in-  
toxicated at the time.

Pettigill's parents live at Smith's  
Mills, 12 miles from Newport, Vt., and  
was employed a year ago on the Boston  
& Maine road in Vermont as a  
brakeman.

WOULD-BE MIDDIES.  
Vermont Boys Take Examination in  
Hub with Big New England Class.

Boston, Mass., April 23.—Senators  
Dillingham and Proctor's aspirants for mid-  
dies at the Naval Academy at Annapolis,  
Md., appeared before an examining board  
which convened in this city and which  
examined candidates from all the New  
England States.

The candidates were:  
By Senator Proctor: Glenn B. Eastman  
of Rutland, principal; Ralph R. Cochran  
of Poultney, alternate.  
By Senator Dillingham: Harry A. Flint  
of St. Johnsbury, principal; Frank H.  
Ulrich of Richmond, alternate.

ACCIDENT IN BRIDPORT.  
Herbert Huestis, Young Farmer, Shot  
in Ankle and Foot.

Middlebury, April 21.—Herbert Huestis,  
aged 25 years, was dangerously wounded  
this afternoon in Bridport by the ac-  
cidental discharge of a double barreled  
shot gun carried by his hired man. The  
man was going over a fence when the  
gun became caught in one load of shot  
striking Huestis in the right ankle and  
the other in the left foot. Huestis has  
been carried on the Cassius Crane farm  
for several years, is married and has several  
children.

## VERMONT TRADE REPORT

Some Planting Done—Bumper Sugar  
Crop—Big Cut of Logs.

Reports to Bradstreet's for the week  
show weather conditions have been very  
favorable for run of maple sap and the  
largest crop that has been gathered for  
years will be produced this season. It is  
difficult to state the amount that will be  
made but from reports at hand conserva-  
tive estimate places run at four pounds to  
a tree, where in the past two pounds  
to a tree on an average is considered good.  
Makers of sugar making utensils and  
apparatus have had heavy demands and  
are planning for a larger business the  
coming season. Country roads are still  
heavy and travel is light in those sections  
with retail trade correspondingly light.  
Snowy, cold weather in northern part of  
the State has not been favorable to larger  
planting operations but some work has  
been done in this direction. Manufac-  
turers of lumber are having large amount  
of business; the cut of logs was heavy  
and saw mills will run late into the year  
in order to cut up the logs on hand.  
Manufacturers of overalls and garments  
are running to full capacity and report  
large demand for goods.

Burlington markets report large amount  
of maple sugar has been received, prices  
will hold up well and quality is excellent.  
There is tendency for little higher prices  
in produce. Manufacturing plants are  
operated to full capacity. Rutland re-  
ports wholesale merchants are having  
good seasonal trade. Business at  
marble mill is reported little quite at pres-  
ent. Other manufacturing industries are  
running full time. St. Albans reports un-  
settled condition of country roads has  
tended to lessen retail trade but as soon  
as these improve and returns from maple  
sugar crop are obtained the opinion is that  
retail trade will improve. At St.  
Johnsbury heavy condition of roads are  
noted. The scale factors is employed to  
full capacity and they are planning to  
build another addition. Hardware com-  
plaint of difficulty in securing goods by  
reason of transportation, labor is well  
employed. Maple sugar crop is said to be  
the best they have had for years. Most  
retail reports business in nearly all lines  
employed to full capacity. Dealers in  
dry goods and clothing note trade little  
active but reasonably good for season.  
One of the large leather goods mills at Ben-  
nington suffered loss by fire last week.  
Mills are running to capacity and the new  
sawed paper mill is rapidly completing  
preparations to commence business.  
Manufacturing interests of all kinds at  
Bellows Falls are employed to capacity  
and general business is up to the average  
good business. In all lines and an im-  
provement in retail trade. Rutland  
veneer mill is operating plant to full  
capacity. Furniture factories are report-  
ed as running little light but demand for  
help is good. General retail trade shows  
some improvement over corresponding  
period last year. Manufacturing plants  
at Johnson are running full time and re-  
tail trade is said to have improved.

## AXE CUT ACROSS MOUTH.

Sergeant Gragen of Co. A, V. N. G., Dis-  
figured for Life.

Rutland, April 23.—Raymond Gragen, a  
sergeant in Company A, V. N. G., of this  
city, was the victim of a terrible accident  
at his home in Rupert which will dis-  
figure him for life. Mr. Gragen was watch-  
ing a field trim the branches from a  
fruit tree when the axe hit a knot and  
glancing struck Mr. Gragen diagonally  
across the mouth and teeth were knocked  
out and a big gash cut in each lip. Mr.  
Gragen was employed in this city several  
years and is a member of Rutland Lodge  
of Odd Fellows.

ONE OBJECT TO LICENSE.  
The local board of license commissioners  
held a hearing today on the 29 applica-  
tions for Rutland's liquor licenses. Only  
one objection was raised, the com-  
plaint was the Clauson Shoe company  
whose place of business is near where  
Fred Penn proposes to sell. The license  
board this year has started a new form  
of campaign. It will meet every Friday  
to hear complaints and grievances. Previ-  
ously boards have had no regular time of  
meeting.

PINDS CURIOUS MEDAL.  
Supt. D. L. Morgan of the House of  
Correction has an interesting relic found  
on the streets of this city. It is a metal  
medal about the size of a 25 cent piece  
and contains on one side of the inscrip-  
tion "War 1861, United States" and on  
the other "H. C. Rogers, Company 1,  
2nd regiment, Vt. Vols. Mount Holly."

DILLINGHAM CHAIRMAN.  
Will Lead the Investigation of the Im-  
migration Problem.

Washington, April 22.—The commission  
appointed in pursuance of the action of  
the last session of Congress to investigate  
conditions in connection with the subject  
of immigration met today and organized  
by electing Senator Dillingham (Vermont)  
chairman. The committee probably will  
be in session here two or three days af-  
ter the adjournment of the Senate. It is expected  
a preliminary investigation of the ports of  
New York and Boston will be made and  
that afterward either the full committee  
or a sub-committee will go abroad for the  
purpose of extending the inquiry to  
European countries from which most of  
the immigrants come.

TWO YEARS AT RUTLAND.  
Sentence Imposed on Mrs. Emeline Mc-  
Nulty in City Court.

Mrs. Emeline McNulty, who was con-  
victed Saturday in city court of keeping  
a house of ill-fame, was Monday morn-  
ing sentenced to serve not less than one  
and one half nor more than two years in  
the House of Correction at Rutland, with-  
out costs. Lottie Daniels, the 15-year-old  
niece of the McNulty woman, who was  
one of the inmates of the resort off Bat-  
tery street, was sentenced to not less than  
three nor more than four months in the  
House of Correction. Mrs. Kate Higelow  
thirteen years of age, was sentenced to not less  
than six nor more than eight months in  
the same institution. Both sentences  
were made without costs and as there  
were extenuating circumstances, both of  
the unfortunate girls having testified  
against Mrs. McNulty, execution of  
sentence was suspended and the two  
were placed in the hands of Probation  
Officer Thomas Reeves. The case against  
Mrs. McNulty for selling and furnishing  
intoxicating liquor was not pressed.  
Vernon Harrington, arraigned for in-  
toxication, pleaded guilty to a second of-  
fense and was fined \$5 and costs with an  
alternative sentence of 30 days in the  
House of Correction at Rutland. John Mc-  
Cabe also pleaded guilty to being in-  
toxicated and was fined \$5 and costs.

MAKING MONEY AT FARMING?  
Thousands are doing it right here in  
New England. How? Simply by keeping  
a good record of the crops raised and  
yield at the lowest cost and selling in  
the best market at the best time and  
the highest price. Others do it—so you  
can too if you will read carefully each  
week the old reliable New England  
Farmer. Recognized by all who know it  
as "The Best Farm Paper." Send 10  
cents for a 10 weeks' trial subscription.  
The New England Farmer, Brattle-  
boro, Vt.

FREE FIGHT IN CHURCH.  
Women Fainted or Fled in Terror—  
Dispute Was over the Pastor.

Portsmouth, Ohio, April 21.—A fac-  
tion opposing their pastor, the Rev.  
Freeman Chase, today made an at-  
tempt to depose him and hold services  
with another preacher, which caused  
a riot in the Free Will Baptist Church.  
The followers of the different factions  
came to blows, women fainted and  
others fled screaming into the streets.  
The police refused to interfere.

Order was finally restored by the  
withdrawal of the new minister and the  
elders. A majority of the church  
officers are opposed to the Rev. Mr.  
Chase, who withdrew from the con-  
ference and conducted the church in-  
dependently.

At the annual meeting of the Boston &  
Maine Agents' association at Boston,  
George T. Hazen of Windsor was made  
a member of the executive committee.

BEWARE OF OINTMENTS FOR CATARRH THAT  
contain Mercury.

as mercury will surely destroy the sense  
of smell and completely destroy the whole system  
when entering it through the mucous surfaces.  
Such articles should never be used except on  
prescriptions from reputable physicians, as the  
danger of mercury is ten fold to the good you  
possibly derive from them. Hall's Catarrh  
Cure, manufactured by F. J. Cheney & Co.,  
of Lowell, Mass., is a safe and reliable remedy  
internally acting directly upon the blood and  
mucous surfaces of the system. In buying Hall's  
Catarrh Cure be sure you get the genuine. It  
is taken internally and is made in Toledo, Ohio,  
by F. J. Cheney & Co. Testimonials free.  
Sold Everywhere, price 75c per bottle.  
Hall's Family Pills are the best.

## HERE IT IS

The Spring Overcoat which  
will fit you to perfection—  
just because it's made right.  
The fabric, too, is the best  
made and the tailoring can-  
not be beat. Everything  
about these Coats is just as  
good as money can buy.

## HOT WEATHER AHEAD.

How to Keep the Kitchen Cool and  
Comfortable in Mid-Summer.

Many a housewife is wondering how  
she will pass through the coming sum-  
mer months with the stove she well  
knows will make the kitchen unbear-  
ably hot—to say nothing of the dirt,  
dust and ashes that will add to the  
discomfort.

There is a way out of it all—a way  
that not only lessens the work and  
keeps the kitchen cool, but that also  
reduces fuel expense. This conven-  
ience, comfort and economy is all ef-  
fected by the New Perfection Wick  
Blue Flame Oil Cook-Stove, an oil  
stove so superior to other makes that  
it is fast replacing the coal and wood  
range, the old-fashioned oil-stove, and  
in many cases the gas stove.

Anyone who has had to wait ten or  
fifteen minutes for the fire to get start-  
ed will appreciate the New Perfection,  
which gives a strong working flame  
at moment of lighting. "Blue Flame"  
means the hottest and cleanest flame  
produced by any stove. The flame is  
always under immediate control and  
can be raised or lowered instantly. The  
convenience of this will be understood  
when it is considered that while the  
flame of one burner is boiling the  
kettle or roasting a large joint, that  
of another can be reduced to simmer-  
ing point—in this way enabling the  
housewife to cook a variety of dishes  
at one time.

Then the comfort of it. While the  
flame of the New Perfection is intense-  
ly hot, yet the heat is not thrown off  
into the kitchen because it is con-  
centrated by blue-enamelled chimneys.

On washing and ironing days the  
comfort and convenience of the New  
Perfection will be greatly appreciated.  
It gives best results in the least time,  
and does away with all coal and wood  
carrying and the many other disagree-  
able jobs that have to be done with  
other stoves. The New Perfection is  
made in three sizes, with one, two,  
and three burners, and is warranted to give  
full satisfaction.

Another home comfort is the Rayo  
Lamp, which produces a light of un-  
usual brightness, yet soft and mellow  
—a light that will not hurt the eyes.  
The Rayo Lamp can be used in any  
room, whether it be library, dining-  
room, parlor or bedroom. It is highly  
ornamental, being made of brass  
throughout and beautifully nickel-plated.  
Every lamp is warranted and makes a  
valuable and handsome to any home.

The New Perfection Wick Blue Flame  
Oil Cook-Stove and the Rayo Lamp  
are two real essentials to home com-  
fort. Their easy operation, absolute  
safety and handsome appearance com-  
mend them wherever stoves and lamps  
are used.

YOU KNOW WHY.  
Don't you want to replenish the s-  
board or buffet?  
Special sale all this week.
